Grass Clippings In The Road

POSTED BY: NEWSPAPER STAFF of the Village Reporter of Fulton County, MAY 29, 2018

No person shall place any obstruction in or upon a highway without proper authority.” – Ohio Revised Code 4511.74 Effective January 1, 2004.

No person shall place or knowingly drop upon any part of a highway, road, street any tacks, bottles, wire, glass, nails, or other articles which may damage or injure any person, vehicle or animal traveling along or upon such highway, except such substances that may be placed upon the roadway by proper authority for the repair or construction thereof.

Any person who drops or thrown upon any highway any destructive or injurious material shall immediately remove the same.

An issue may arise if someone would wreck or something would happen, and it was found to be because of the negligent homeowner shooting clippings out into the roadway.

Please be mindful of others and keep your grass clippings in your own yard.

Leadership-Compassion-Awareness-Dedication-Advocacy

With the opioid use in this country, it is nice to know that there are organizations that can educate and help people in need.

The LCADA Way is a private, non-profit organization delivering innovative, outcome-driven programs. We utilize an individualized approach to addiction and mental health treatment, education, prevention and recovery support services for residents in Lorain, Medina and surrounding counties.

Lorain County Alcohol and Drug Abuse Services, Inc. (LCADA) was incorporated in July, 1981, as a result of a merger between Lorain County Council on Alcoholism and Midway Health Center. Since the merger, we have restructured and continued to expand our programs and services. In October 2015 we changed our name to The LCADA Way.

The LCADA Way highlights our unique approach centered around Leadership, Compassion, Awareness, Dedication & Advocacy. This approach allows us to serve the community and help individuals on the road to wellness and recovery.

Leadership | Compassion | Awareness | Dedication | Advocacy

In November 2015, The LCADA Way expanded its services into Medina County with the opening of its second Wellness Center, The LCADA Way Medina Wellness Center. This a sister to the Avon Lake Wellness Center. Both centers are vibrant health care facilities for individuals and families to access services in a convenient and supportive atmosphere. The LCADA Way also has four additional service locations in Lorain County.

The LCADA Way is dedicated to transforming individual lives, families and communities suffering from alcohol abuse, substance abuse and behavioral health issues and developing itself as a Center of Clinical Excellence for education, prevention and treatment. To assist individuals on the road to wellness and recovery The LCADA Way provides a full array of behavioral health care services tailored to be gender and culturally appropriate based on individual client needs.

- Men’s Services
